

# Souls to the Polls Faith Ambassador

Please sign up to be a contact person or “Faith Ambassador” who encourages voter participation within your congregation. Faith Ambassadors agree to distribute non-partisan voter education material or help with voter registration or turnout.

We’re creating a statewide network of Ambassadors this year and need your help!

**Check the appropriate boxes. You don’t need to do it all!**

- Voter Education\***: Yes, I will review and distribute materials that I think are useful to educate my congregation about the new rules for voting and importance of voting.
- Voter Registration**: Yes, I’ll help members of our congregation register or update their voter registration. I’ll encourage members to register voters in the community.
- Voter Turnout**: Yes, I’ll help increase voter turnout – for example, by providing information about Early Voting locations, or by helping organize a march or event to have faith members vote together, or by providing information about rides to the polls.
